

# 1 UPLOAD RELEVANT DOCUMENTS

## 1.1 Upload Steps

1. Click on the checkbox of upload relevant documents.

**Upload New Document** [X]

Document

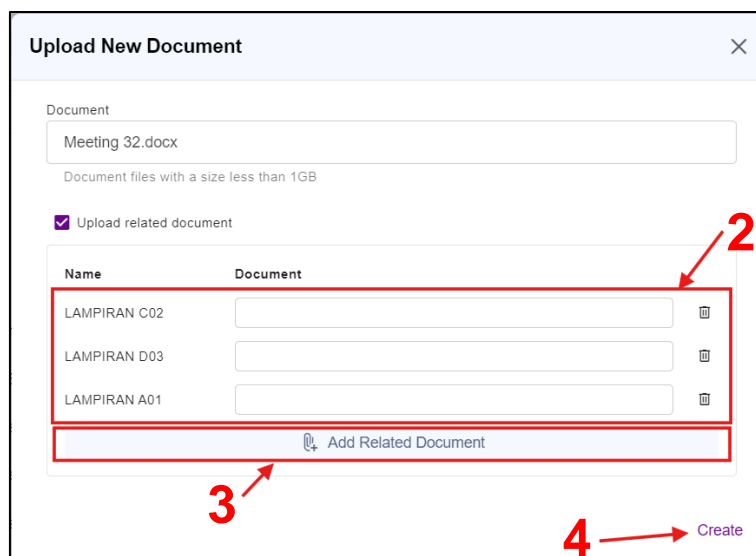

Meeting 32.docx

Document files with a size less than 1GB

☐ Upload related document

Create

2. The text content of the above uploaded main document (e.g. Meeting 32.docx) will be analyzed to detect the list of relevant documents based on the rules explained in Section 1.2. Then, the list of detected relevant documents will be displayed.
3. The user can also add the relevant documents manually.
4. Click on Create button to finish the creation/upload of new documents.

**Upload New Document** [X]

Document

Meeting 32.docx

Document files with a size less than 1GB

☒ Upload related document

Name	Document
LAMPIRAN C02	<input type="text"/>
LAMPIRAN D03	<input type="text"/>
LAMPIRAN A01	<input type="text"/>
